ARE EXPORTS OF DOMESTIC PRODUCE.

For Table of English Equivalents, *see* pages 44 and 46.

¶ Inclusive of articles imported under the "Raftieh" up to the year 1890, the "Raftieh" having been abolished on 1st January 1891.

** For rates of conversion, *see* note, p. 136.

†† Years ending February 28th.

‡‡ For rates of conversion, *see* note, p. 140.

§§ The values for 1887 and 1888 are fixed official values, whilst those for subsequent years are based on the average prices as determined by a Commission.

¶¶ As to the increase in this year, *see* note on pp. 194–95.

NOTE.—The above figures for 1884 to 1890 are extracted from the Report of the Customs Valuation Commission for 1891–92. The figures for 1884–89 do not agree with those published in the Trade Volumes for the respective years as the particulars shown above for those years have been calculated throughout upon the valuation fixed for the year 1890. There are also differences in the above figures for 1890 (being those given in the Report mentioned), when compared with the figures in the Trade Volume for that year. In 1894 and 1895 the Totals differ slightly from those given on page 43.

NOTE.—It is to be particularly observed that the Length of Line, Cost of Construction, &c., were as stated above, but that the statements of earnings, traffic receipts, &c., refer to lines opened only, for which complete returns have been made, and which had a total length as follows:—In 1891, 164,262 miles; in 1892, 170,607 miles; in 1893, 173,370 miles; in 1894, 175,444 miles; and in 1895, 179,162 miles. The particulars relating to the elevated railways are not included in this table, with the exception of those relating to Length of Line, Liabilities, and Rolling Stock, in which cases the elevated railways are also included.

* The returns for the railways included relate to fiscal years ending at various dates.

NOTE.—The above statement represents the business of the Western Union Telegraph Company only. This Company owns the principal part of the whole of the United States Telegraph system.

The increase in the mileage between 1880 and 1890 is largely due to the fact that in 1881 the Western Union Telegraph Company absorbed by purchase all the lines of the American Union and the Atlantic and Pacific Telegraph Company, the former having previously in operation over 12,000 miles, and the latter 8,706 miles.

The aggregate mileage of the telegraph lines in the United States open for public business exceeds 210,000 miles besides railway, Government, private, and telephonic lines, the length of which is not ascertainable.

* The returns received by the Statistical Bureau of passengers departing from the United States do not distinguish permanent emigrants from transient travellers. The figures entered in this column have been derived from the body of the table by deducting the number of "non-immigrants" from the whole number of departures for each year, the process being based on the consideration that of the former number those who are reported as "Citizens of the United States" have previously departed and been embraced in the reports of departures, while those reported as "Aliens not intending to remain" will depart in future and be so reported. These figures will therefore be substantially correct for any series of years, but may not be strictly so for any one particular year.

† After June 30th, 1885, immigrants arriving from the British North American Provinces and Mexico are not included.
